## POLITICAL.

**BRYAN HOLDS VAIN HOPES.**

*Claims to Five Middle West States Laughed at.*

*Oklahoma Is Only One That Is Conceded.*

*Figures Put Quite Another Construction on It.*

**BY DIRECT WIRE TO THE TIMES.]**  
CHICAGO, Sept. 17.—[Exclusive Dispatch.] Republicans today boasted at the claims of the Democrats that they would capture five Middle Western States. They admit Bryan will have Oklahoma, but laugh at claims on other States.

Into a natural division fall North and South Dakota, Nebraska, Colorado, Kansas and Oklahoma. The Democratic leaders know that they will carry Oklahoma, and they profess confidence in their ability to carry North and South Dakota, while on occasion showing symptoms of a hope that they can add South Dakota and Kansas to the column which will set forth their Presidential candidate electoral votes.

The Bryan leaders base their prediction on the past performances of the party, which is not altogether a solid basis for hope, and it is not an basis for prediction. Republicans can look at the returns of the last three Presidential elections in these States with something like equanimity. It is true that the States have not been firmly by the Republicans, carried at all times, but the growth has been toward Republicanism until today the strength of the party is such that in three of the last six success seems absolutely certain and in two of them much more than probable. In other words, the Republican cause is hopeless.

Here are the States with their electoral votes, and with the pluralities in each at the last two national elections:

	ELECTORAL	REP.	DEM.
State vote, plus 1900, 1904.			
North Dakota ... 4	15,372	28,322	
South Dakota ... 4	14,962	50,114	
Nebraska ... 5	7,827	38,652	
Colorado ... 5	28,661	34,341	
Kansas ... 10	23,354	129,095	
Oklahoma ... 7	no vote

**TAFT CLUB FOR OLD DEMOCRATS.****INTERCHANGEABLE ISSUES OF BRYAN UNWELCOME.**

**FOLLOWERS OF GROVER CLEVELAND TAKE TO ORGANIZATION FOR SUPPORT OF REPUBLICAN NOMINEE AS OPPOSED TO SELF-APPOINTED LEADERSHIP OF THE NEBRASKAN.**

**BY DIRECT WIRE TO THE TIMES.]**

CHICAGO, Sept. 17.—[Exclusive Dispatch.] A place is to be made in the Republican ranks for the old-time Democrats who stood by their party through thick and thin when it nominated men like Grover Cleveland for the Presidency, but who have been able to give approval and support to the "self-imposed leadership and interchangeable issues" of William J. Bryan.

The formation of a Cleveland-Taft Club for the benefit of this large and discontented element in the Democratic party already is under way, it was learned in national Republican circles today. Its organization will be spread throughout the country, and in the East, as well as the South, as well as in the Middle West, great assurances of success have been received.

**AFTER MARYLAND.**

HITCHCOCK'S PLANS.

**[ASSOCIATED PRESS NIGHT REPORT.]** NEW YORK, Sept. 17.—The Maryland political situation was considered today at Republican national headquarters, practically all of the State leaders having come here to consult with National Chairman Hitchcock, who arrived from Cincinnati. In the belief of many of the officials of the Republican headquarter in the East, Maryland is likely the only doubtful State in their territory.

All of the members of the Maryland delegation said that the friendliness of the business men of their State for the party of the South makes it easier to make it probable that the Democratic normal majorities of that State will be overcome. Mr. Hitchcock also talked with leaders from Maryland who believed the State will be safe for Mr. Taft in spite of the fact that there has been some bitterness in the Republican party over the nomination of Representative Liley for the Governorship. Liley had been a frequent visitor to Republican headquarters today and discussed with Mr. Hitchcock arguments to be made in reply to Mr. Bryan on the subject of the party's guarantee to national bank deposits.

Frank G. Myron T. Herrick of Ohio was today appointed chairman of the Chafin Barred in Oklahoma.

**ELECTION BOARD REFUSES TO PUT PROHIBITION TICKET ON BALLOT.**

**BY DIRECT WIRE TO THE TIMES.]** GUTHRIE (Okla.), Sept. 17.—[Exclusive Dispatch.] Eugene W. Chafin, Prohibition candidate for President, will get no votes in Oklahoma this fall. The Prohibition party managers mandamus the State election board (Democrat) yesterday to compel the placing of their electoral ticket on the ballot, but the board today refused, holding the candidates' names were filed too late.

Gov. Haskell, national Democratic treasurer, will importune the Prohibitionists to swallow the dispensary system and support the Democrats.

**He Alleges That Plaintiff Stayed Out Late At Night, Wore Loud Clothes, Used Violent Language and Corresponded With Another Man—Admits Some Allegations.**

**BY DIRECT WIRE TO THE TIMES.]**

ST. LOUIS, Sept. 17.—[Exclusive Dispatch.] William J. Lemp, Jr., the millionaire St. Louis brewer, filed a cross bill today in answer to the suit for divorce filed by his wife, Lillian Handlan Lemp, "The Lavender Lady," in which he admits some of the allegations made by his wife and makes some sensational charges against her.

He alleged that she stayed out frequently until late at night and refused to give any explanation for her absence; that she often used violent language toward him, and wrote a letter to another man, whom she admitted having.

He says she wore loud clothes that attracted attention. That they have been estranged, he does not deny. He says he left her October 13, 1906, and has not lived with her since, nor does he ever intend to again.

During the months of June, July and August, Mrs. Lemp says she neglected her household duties, failing to clean up, stay out late at night, making no explanation to him. When he remonstrated with her for her actions and told her that she was attracting public comment, he says she became enraged and exclaimed: "To hell with the public! What do I care what people say?"

In January, 1905, he charges that he found a letter written by his wife to a man unknown to him. When he asked about the man, he charges that his wife expressed devoted love for the correspondent and showed her an address where he will be carried on.

## LONG DEFEATS EASTERN STAR.

**Coast Players Win Position With the Ten Best.**

**May Sutton Given Hard Fight by Miss Hotchkiss.**

**Great Mixed Doubles Match Won by Champions.**

**BY DIRECT WIRE TO THE TIMES:**

DEL MONTE, Sept. 17.—[Exclusive Dispatch.] In the most brilliant and exciting ladies' singles match ever held on the Pacific Coast, Miss May Sutton this morning defeated Miss Hazel Hotchkiss of San Francisco, allowing the latter to win her first set but five games in the two sets played.

Too much praise cannot be given Miss Hotchkiss for the gritty fight she put up against the world's champion. Miss Sutton has done a great deal of practicing against men players, and plays the style of game that men play. She takes the net at all opportunities and is undoubtedly the best net player among the women. But she has passed judgment at the set by Miss Sutton's strong forehand drive.

Had Miss Hotchkiss taken the net position only when she played Miss Sutton down on the baseline she would have made a much better showing. Miss Sutton invariably lobbed from her backhand, and Miss Hotchkiss was killing all overhand balls with great regularity.

Miss Hotchkiss took three games in the first set, and annexed two in the second, the majority of games going to deuce. Although this match proves that at the present time there is no woman player in these parts who can vanquish Miss Sutton, it may be safely said for Miss Hotchkiss that her style of game, if developed, is the game that is capable of winning from the champion.

### MEN'S SINGLES.

At 2:30 p.m. the final match of men's singles was started between Melville Long, last year's Coast champion, and Wallace F. Johnson, one of the eastern crack players. Both men set out to commit himself on the results of the controversy, with the possible exception of the "prep" restriction clause which he is known to favor strongly.

Long took the first four games by some magnificent side line passes, but lost the next three. Both men then took their own service games, finally making the score six all. Long broke through on his serve, and the next game followed up with the result of a set on his own serve, winning the first set by 6-4.

In the second set Johnson took the first two and only games he captured in the set. This set he placed his best tennis, volleying at the net with absolute accuracy, cutting the balls at sharp angles, many racket lengths from the baseline, and so on. Long made a run of six straight games, changing from a chop stroke to his drive, which was equally effective against Johnson.

In the previous sets Johnson came to the net very seldom, but in this set he began following in his set and taking the net position. He made a much harder fight at the net, and had Long on the defensive through most of the set.

Johnson won the first game on his serve. Long won the next and the third game; Johnson then pulled out a deuce game on his own serve, but lost the next by 40-15 score. With the score now reading 3-2 in favor of Johnson, he played for the lines again, and won eight straight points and led at 4-3. This was his last stand, however, as Long went at his hammer and tongs, winning out in the semi-final without a hard match, meeting defeat decisively at the hands of Johnson, 6-4, 6-1. Then Long disposed of the other three sets and winning the match, 6-2, 6-4.

### WESTERN CRACKS.

Now that the men's singles are finished, except for the challenge match, the western players have a right to draw some comfort, not so much to the competitive games of the eastern cracks and the players of this vicinity.

The three men who invaded the tournament—Wright, Niles, and Johnson—had all the marks of the first ten or twelve best players in the country. According to the result of various eastern tournaments this year, Long defeated Niles in one of the early matches in straight sets. Wright had an easy draw and slipped through the semi-finals without a hard match, meeting defeat decisively at the hands of Johnson, 6-4, 6-1. Then Long disposed of the other three sets and winning the match, 6-2, 6-4.

Allowing that they were somewhat handicapped by strange courts and conditions, although they had a week's practice here before the tournament began, it is wonderful to think that at least two or three men on this Coast would be able to make a place within the first ten players in the East, should they make a trip East, and have a little preliminary practice on turf courts.

By winning the tournament today, Long will have a repetition of his mark of last year against McLaughlin.

But he is the challenger instead of the challenged. The match last year went to five long sets before McLaughlin won, so there is great interest centered in this match, which will be played Saturday.

In the final of the mixed doubles Miss May Sutton and Simsabough won against Mrs. Farquhar and Freeman, after the hardest fight they have ever contested. Finally, the score going nine-all in the first set before they pulled it out 11-9.

### MAY INVADE STATE LEAGUE.

SAN JOSE, Sept. 17.—A proposition to take the San Jose baseball team out of the State League immediately, and apply for a franchise in the Coast League this year is under consideration by the managers. The claim is made that the team is being discriminated against by the league directors. The change will mean an outlay of nearly \$20,000 for grounds and stands.

## PEACE CONFERENCE POSTPONED A DAY.

**THE college peace conference scheduled to be held today between Pomona and Occidental to consider the terms of reconciliation with the University of Southern California has been postponed by Chairman Summer until tomorrow. Pomona's delegates being unable to attend today.**

From all indications, the three south-

ern colleges will get together as programmed without a hitch, unless some objection is made by the Claremont representatives. President Gates of Pomona has not commented on the matter, but it is to be expected the directors give either man an equal chance of winning, figuring in the showing they made in the semi-finals yesterday.

Long took the first four games by some magnificent side line passes, but lost the next three. Both men then took their own service games, finally making the score six all. Long broke through on his serve, and the next game followed up with the result of a set on his own serve, winning the first set by 6-4.

This set he placed his best tennis, volleying at the net with absolute accuracy, cutting the balls at sharp angles, many racket lengths from the baseline, and so on. ### ENGLISHMAN WINS.

**BEALS' WRIGHT IS BEATEN.**

**[ASSOCIATED PRESS NIGHT REPORT]**

NEW YORK, Sept. 17.—Great Britain and the United States broke even in the two matches which opened the international lawn tennis contests at the Longwood Cricket Club today, the visitors showed the stronger team for M. J. Ritchie of London put out Beals C. Wright of Boston with greater ease than William A. Larney of Summit, N. J., defeated John G. Parkes of Dublin.

Both matches were straight-set affairs. Ritchie defeating Wright, 6-1, 6-3, 6-2, and Larney overcoming Parkes 6-4, 6-3, 7-5.

Ritchie scored 90 points to 41 for Wright, while Larney played 112 strokes to 88 for Parkes.

### LAUDER MATCHED.

**NEW CARD ARRANGED.**

Manager McCarey of the Pacific Athletic Club yesterday arranged the fight card to be given at the Naund Junction pavilion on Friday night, and it looks good enough to please the purist fans.

The main event will be between Leonard Lauder and Kit McElroy, who will box ten rounds at 10 p.m. at 3 o'clock.

McElroy, while Lauder carried on the fight to a finish, was unable to twenty-five for the Irishman. In the last set Parkes had Larney 4-2 and 5-2, but the American champion rallied and took the next three games and the match.

Meanwhile, Lauder was playing at the net, and with Ritchie he ran him easily at the net, while he hung back. Ritchie drove the ball far out of his reach. Ritchie showed cleverness, but Lauder, the American, was killing by killing Wright's lob and playing a little of the same game himself. As a rule, however, his work was much of the same character that of Parkes, but he was not in condition to fight.

If this is the case Murphy will take up Los Angeles offer. Murphy lost the decision to Welsh in twenty-five rounds before Jim Jeffries' Club, but thinks that in ten rounds he would have a good chance, if he pressed the fighter.

### LAUDER MATCHED.

**SCARS FOR VENICE.**

**AT Venice tomorrow night the Venice Athletic Club will present three bouts of six rounds each. The main fight will be between Roy Paige and Walter Stoll at 15 pounds. Kid Arcourt and Kid Colley will fight at 140 pounds and Jimmy Austin and Max Webster at 105 pounds.**

**MINNESOTA FOOTBALL CAPTAIN GIVES UP Sport to Learn His LESSONS.**

**[ASSOCIATED PRESS DAY REPORT]**

MINNEAPOLIS (Minn.), Sept. 17.—George Capron, famous drop kicker, announced last night that he had resigned as captain of the University of Minnesota football eleven, and that he would not play this season under any circumstances.

Capron admits that he is ineligible to play, but says it is because he has a subject to make up in his studies at the university, and not because he has ever played professional football or baseball.

Capron feels that he is a professional and says he never played baseball in the South.

WOULD NOT INDORSE.

Los Angeles Realty Board Refuses Snap Approval of Proposed Amendments to City Charter.

Ex-Judge John D. Works was the guest yesterday of the Los Angeles Realty Board at its first meeting since the summer vacation. As one of the authors of the proposed amendments to the City Charter, Ex-Judge Works explained their purposes and provisions. After passing briefly over the majority of them, he spoke at length upon the amendments providing respectively for a change in the system of electing councilmen and for a direct primary.

As to the former, he declared that the system of election by wards had proved a failure in the example, not only of Los Angeles, but throughout the United States. He declared that men are now serving on the Council, and many have served in the past, who would not have been elected by the voters of the city at large. He said that the present system of nominating candidates and of electing them is a complete waste.

As to the latter, he declared that its adoption would go far toward remedying the political evils in municipal affairs. The present system of nominating candidates and of electing them is a pronounced failure.

At the close of the address, President Farish said that the charter amendments should be carefully studied by the members of the board, who were most interested in the good government as any class of citizens. Ex-Judge Works had appealed to the board to support the amendments.

Secretary Burdett gave a synopsis of the State Realty Federation, which if adopted would provide for submission to the forthcoming Legislature of a bill making it necessary for all real estate to be registered.

As a prerequisite to the issuance of such a license, credentials as to character and bond, suggested as \$5,000, must be given. The matter will be taken up at the next meeting.

## THE PUBLIC SERVICE.

### SUMMARY OF THE DAY.

Members of the City Council are looking suspiciously on the ordinance providing for a board of plumbers, fearing it is a scheme to organize a monopoly.

The Fire Commission yesterday put the ban on firemen who do not pay their debts.

On grounds of cruelty, Judge Monroe granted Mrs. Alice P. Spurlin a divorce from Harvey A. Spurlin.

Fred W. Nash, gave bail for his examination before Justice Seigh on a felony charge of issuing a false report to stockholders in the Gold Bullfrog Mining and Milling Company September 14, 1907.

An order temporarily restraining the Supervisors from proceeding with the sale of the good roads bonds and citing them to appear in court, was issued by Judge James yesterday.

Judge Bordwell cited the Board of Public Works to show cause why an injunction which will not be issued to restrain the city from undertaking work on the Los Angeles Aqueduct by the day's work plan.

Fred Horning, accomplice of C. D. Sutherland, was sentenced to fourteen years in San Quentin by Judge James on his plea of guilty to a charge of assault to murder Caesar Vervoort, December 13 last.

### AT THE CITY HALL.

### PLUMBERS PLAN A MONOPOLY!

### ORDINANCE PROPOSED LOOKED ON SUSPICIOUSLY.

Believed to Be Same Old Scheme,  
Oft Defeated, to Give an Alliance  
of Interests Control of the Business  
Commercially and Industrially.  
Electric Wiring.

Councilmen were besieged yesterday by plumbers, trying to gain support for the plumbing ordinance now in the hands of the Legislative Committee, but not yet having received the committee's endorsement. The ordinance was prepared by L. B. Dooley, attorney for the Merchants and Masters Plumbers' associations, and reflects their idea of how Los Angeles ought to regulate plumbing—apparently for the interest of the plumbers.

But most members of the Council are familiar with the ordinance and its purposes, and there is much doubt of its meeting with serious support, if it ever reaches the Council with a favorable report. It is the same ordinance which has merit and met defeat, in the opinion of several Councilmen, several times before. Under the cloak of sanitation and public health, they say, the plumbers are attempting to bring unionism, thrifit and organizing monopoly that, in the end, may prove costly to the public of Los Angeles. The mere mention of the ordinance has aroused the Chamber of Commerce, not hesitate to say they are ready to pass any law that will insure sanitary plumbing, but they hesitate to create a board with autocratic power and influence, which would be likely to who shall follow the plumbing trade.

The ordinance provides for the creation of a board of plumbers, composed of three master plumbers, one journeyman plumber and one plumbing inspector. This board is to examine all applicants for plumbers' license as it may please, the ordinance simply requiring the board to "make a careful and exact examination of the qualifications of all applicants for 'master,' 'journeyman' and 'employing' plumbers' licenses." The ordinance makes those in business or following the trade liable to the time of the passage of the ordinance exempt from the examination requirement.

The licensees are to date from the first Monday in January of each year, and may be renewed annually and examination may be made, requiring if the board deems it necessary in any particular case. The fees are: Masters and employers, \$25 examination fee and \$25 annual license; journeymen, \$2 examination fee and \$1 license.

A "master" plumber is to be one who has served three years' apprenticeship, one year as a journeyman, and who employs one or more journeymen. An "employing" plumber is a "person, firm or corporation" maintaining a fixed place of business and employing one or more licensed journeymen. A "journeymen" is a plumber who is the employee of a master or an employing plumber. It is made unlawful for any one to pursue the industry without license under the classification fixed by the ordinance.

After the passage of the ordinance no person, firm or corporation may engage in the business or work at the trade without a license. No standard for either kind is fixed, this being left with the discretion of the board.

No bond is required of either class to insure competent workmanship.

J. W. Hellman, who is not affiliated with the alliances of the plumbing industry, says the ordinance is the same old scheme to aid the business of Los Angeles by controlling the business commercially and industrially.

"Talk about industrial depression," said Mr. Hellman, "if this ordinance is passed, we will get a good taste of industrial depression. The alliance between the manufacturers and the supply houses, the supply houses and the master plumbers, and the masters and the employing plumbers is so close that the citizen who wants to buy six inches of gas pipe cannot get it unless he patronizes an independent dealer. This is the result of the combination of the two classes of plumbers."

Mr. Hellman promises just as vigorous opposition now as he has always given to this board scheme.

There is also pending before the Legislati

ative Committee a petition from the electrical supply and contracting house, asking a similar ordinance covering electrical work. It is based on the claim that electric wiring is dangerous work. No ordinance has been submitted, but the one expected is to follow the lead of the board of plumbers' ordinance.

Some councilmen believe the city may profit by the example set by the insurance inspection bureaus which get along with their local electrical examiners by withholding certificates until the work is safely done. The councilmen feel that it is fair to make laws so that what sanitary plumbing shall be and what safe electrical wiring and fixtures and all other needs to pass inspection by proper city officers.

No report from the Legislative Committee will be made at next Monday's session of the Council. None may ever be made endorsing the ordinance as it now stands.

### AGAINST DEADBEATS.

**FIREFMEN MUST PAY DEBTS.**

"The fireman who does not pay his debts must pay them," says the firemen's association.

Acting Fire Chief O'Donnell yesterday put the police details of other crimes committed by Sutherland, implicating other persons as accomplices.

**BERKELEY DEAL.**

PROMOTER IS EXAMINED. The examination of H. L. Berkeley, charged with obtaining \$500 from Copie Bookbinders by false pretenses December 25, last, began before Justice Seigh yesterday and was continued until September 20 to enable Mrs. M. E. Underhill, a witness called by the defendant and now in Nevada, to be present.

"I trusted Berkeley implicitly," said Berkeley, "he struck my wife in the head when I should have completed the incorporation, in which I was to have had a seat of a real estate trustee company, and kept a tract of ground at Cactus Springs, Nev. Berkeley was to get a deed for the property from Mrs. Underhill, but after visiting Cactus Springs with her, he told me he had to give up the scheme because of the panic."

"Later I asked Berkeley for the money, and he said he had invested it in his new company to exploit his Alamo and the Rutherford, Franklin, Goldfield, which he said adjourned to Rogers lease. He told me that his lease was worth \$25,000, that the shell was down about 100 feet. I told him my money might remain in the proposition, but learned the defendant's claim was false. Berkeley also told me that Justice Piero had put \$5000 into his proposition."

**ANNULMENT.** On the ground that W. W. Shrader was of unsound mind at the time of his marriage to Mrs. Martha E. Shrader at San Antonio, Tex., November 29, 1907, Mrs. Shrader yesterday filed in the Superior Court a suit for annulment of the marriage.

**ACCOUNTING.** A. H. Calkins yesterday filed in the Superior Court a suit against M. H. French for an accounting of \$1000,000,000 due to him.

French's statement to him about his business was false. Alfred Benjamin's Incomparable Fall Suits

**A NTILORED HERD WILL INVADE.****BAKERSFIELD ELKS ARRANGING BIG EXCURSION.****Will Send Special Train to Los Angeles During Convention—Jury in Notorious Case Challenged for Bias of Summoning Officer—Assessors Will Visit Oil Fields.****(SPECIAL CORRESPONDENCE OF THE TIMES.)****BAKERSFIELD, Sept. 15.—"Los Angeles in 1900." That is the slogan of the local lodge of Elks, which plans to invade the southern city during the annual meeting on July, by scores. Already a Boosters' Club is contemplated to secure enough excursionists to make up a special train. After several months of inactivity during the summer the Elks will again resume their regular weekly meetings a week from Tuesday. The first business, aside from the initiation of several candidates, will be the organization of a "boosters' committee" to plan the monsoon excursion.****The Elks' Hall Association, which is contemplating the erection of a handsome business block and lodgerooms, will soon begin soliciting sales of stock and before the end of the year it is hoped to have the building under way. It will cost approximately \$30,000.****JURY DISCHARGED.****A jury summoned by Constable Boone Newell for the trial of W. A. Moore on a charge of conducting a house of ill fame, was challenged by the defense on account of bias and prejudice of the summoning officer, and the motion was granted Justice Black. Newell was the arresting officer, taking Moore in charge when a secret organization of reformers made a raid on the tenderloin resorts several months ago. Under questioning of J. R. Kelly, attorney for the defense, Newell admitted on the stand that he had formed an opinion from what he had seen and heard of the house. Sheriff Kelly has been decided upon to summon a new jury for the trial, which will be held October 6.****J. M. Gillett are expected.****VISALIA ELECTION.****LIEUTENANTS CHOSEN.****(SPECIAL CORRESPONDENCE OF THE TIMES.)****VISALIA, Sept. 16.—Co. A. Turner has been appointed by the Board of Trade as special officer to gather funds and other exhibits for the county fair.****The taking of evidence in the trial of J. M. Reed, accused of a heinous crime against his fifteen-year-old daughter, was continued today before a morbid crowd.****ANGELONER PURCHASE.****GET KINGS COUNTY TRACT.****(SPECIAL CORRESPONDENCE OF THE TIMES.)****HANFORD, Sept. 16.—Capital of Los Angeles and other Southern California cities have invested a vast amount of money in Kings county lands the last few years. The Empire tract of several thousand acres purchased and colonized by the Empire Investment Company, and the huge tract surrounding Corcoran, purchased and well settled up by the Security Land and Loan Company, are among the enterprises fostered and successfully carried out by moneyed men from the south. Their latest development scheme has been made public by the San Joaquin County owner of a trust deed. It is the purchase of the well-known Jacob tract of 15,540 acres in the Tulare Lake region, south of Armona and Lemoore by the California Land Company, a corporation of Los Angeles and eastern capitalists. This will, it is reported, shortly be opened to colonization.****PLANT BIG CROP.****Active preparations for putting in a large beet crop in the vicinity of Corcoran this winter are in progress. Many teams are at work "checking up" the land for irrigation, and already a large area is being watered with water from artesian wells. Seeding of beets will begin in November. The crop next year will be much larger than the season.****The indications are that a very large acreage will be seeded to grain on the borders of Tulare Lake, near Corcoran, this fall and winter, as the land is in fine shape, having been well irrigated, and then uncovered by the recession of the water in the lake. The high price of grain, which seems almost to rule, continuing for another year is another incentive to grain planting.****CHARTER REJECTED.****By the very decisive majority of 243 votes, the electors of Hanford at a special election Tuesday, voted against the adoption of a freeholders' charter for this city. The total vote cast being 550. This is the second time, considering the fact that there were no party issues or election of officials involved. It was claimed by the opposition that not only was the special charter not what they wanted, but it was full of legal "blowholes."****It is probable a charter for cities of the fifth class will be adopted.****H. G. BAD CHECKS NOW  
COME TO LIGHT.

M'GUIRE LEAVES SORROWING  
MERCHANTS BEHIND.

Man Who Bought to Give the Impression That He Had Died in the Ocean at Santa Monica Is Accused of Having Deceived Nearly Score of Merchants.

Office of The Times, No. 28 Raymond Ave., PASADENA, Sept. 18.—Further evidence to strengthen the theory that Samuel McGuire did not find a watery grave when he left his clothes under the wharf at Santa Monica came to light here yesterday when spurious checks totaling between \$100 and \$200 were turned into the Union National Bank for collection on his account. His balance there amounts to only \$10. The checks were returned to the fifteen or twenty merchants, whose names the bank refused to make known.

Not only is McGuire charged with passing these checks, but he also tried to get several local business men to go on his note. He may have succeeded, but no one has come forward to say so.

McGuire's father-in-law, who has not seen him for three weeks, says the family has been worried by his peculiar actions of late. It is the belief of the police that he was not far away from Los Angeles, as his peculiar actions will attract attention.

BOY INJURED.

William de Lapp, the 9-year-old son of Mr. and Mrs. W. C. de Lapp of No. 226 South Mentor avenue, is lying at his home in a serious condition, concussion of the brain having been caused by a kick from a horse yesterday afternoon. The attending physician hopes for his recovery.

In company with his father, who drives a laundry wagon, the boy was riding about the city. Just in front of the residence of Dr. Billings, No. 202 South East Molino avenue, the team was stopped and the boy jumped from the wagon, putting a hand on the horse as he did so. Mr. de Lapp was busy getting laundry out of the wagon, but looked up when he heard a click. He was just in time to see the horse kick the boy on the side of the head, knocking him six feet. He rushed to him, but to his surprise found him taken up with great gusto by the spectators.

The guests of Master Richard George Van Vliet, Jr., were: Master Robert Arthur Crabbé and Kathryn Lauri Widene of Pomona; Doris Alice Heath, Louise Frances Hassard, Frederick Rosenthal Cline, William Wallace Nash, Jr., Clarice Virginia Miller, Miller, Heath Stanton, James Denny Reed, Mary Elizabeth Harris, Delphine Caroline Lougheed, Valora Opal Tucker, James McCoy Clisbe, Patricia Elliott.

Out of Fifteen Babies Covina  
Man Actually Spots  
His Own.

COVINA, Sept. 17.—If a deputy sheriff of Los Angeles county, who had been working all day surrounded by the hardened faces of the crime world, should come at night to his suburban home and find fifteen babies, wouldn't it make him glad? And to discover his son and heir of only a few months' experience, presiding over the ensemble, presiding over the ensemble, wouldn't that make him "gladder?" Deputy Sheriff George Van Vliet came upon this gathering at his home here. While attacked on all sides, he did not draw gun nor handcuffs, but looked wise and convinced his wife that he knew which baby was his own.

Several members of the school board got word of the affair and one trustee nervously sent a hasty call to the architect of the new \$60,000 High School to "hurry up that school building or it will be too small for the town before the foundations are laid."

The guests of Master Richard George Van Vliet, Jr., were: Master Robert Arthur Crabbé and Kathryn Lauri Widene of Pomona; Doris Alice Heath, Louise Frances Hassard, Frederick Rosenthal Cline, William Wallace Nash, Jr., Clarice Virginia Miller, Miller, Heath Stanton, James Denny Reed, Mary Elizabeth Harris, Delphine Caroline Lougheed, Valora Opal Tucker, James McCoy Clisbe, Patricia Elliott.

SAN GABRIEL, Sept. 17.—A three days' celebration of the ninety-eighth anniversary of the independence of Mexico opened here Tuesday at 11 p.m. with the firing of a salute of twenty-one guns. This hour marks the time when the good priest, Father Hidalgo, and his ten followers at a secret meeting determined to anticipate the original plans by immediately issuing a manifesto declaring the independence of Mexico from Spanish dominion. This was made necessary by the discovery of the well-laid plans of these rebels to capture the capital and mark it as the ring leaders of the revolutionary movement. On September 16, 1810, the declaration was made public.

The anniversary of this public declaration was officially observed at San Gabriel yesterday with formal ceremonies which opened at 8 p.m. in a pavilion erected for the occasion on Mission street, Tedofonao C. Fuentes of Los Angeles, formerly in the service of the Mexican government at Ensenada, and Tin Juana, was the orator of the day. The author of the speech, Mr. Fuentes delivered an eloquent address in the Spanish language. He reviewed the events that gave to Mexico independence from Spain, and the remarkable career which he had made as a patriot. The audience of his compatriots, Mr. Fuentes delivered an eloquent address in the Spanish language. He reviewed the events that gave to Mexico independence from Spain, and the remarkable career which he had made as a patriot.

Mr. Fuentes was given a great ovation. It was remembered by many that he delivered a political speech in San Gabriel twenty-four years ago when he was campaigning for Grover Cleveland and R. F. del Valle, the latter a candidate for Congress from Los Angeles, and some few also recited the words of that speech.
